I. PRAVNA OSNOVA

Člankom 52. točkom 23. Statuta Primorsko-goranske županije («Službene novine» broj 23/09, 9/13 i 25/13 – pročišćeni tekst, 5/18 i 8/18 – pročišćeni tekst) propisano je da Župan donosi opće i pojedinačne akte te zaključke sukladno zakonu i drugim propisima te aktima Skupštine.

Člankom 25. Poslovnika o radu Župana Primorsko-goranske županije («Službene novine» broj 23/14, 16/15, 3/16 i 19/16-pročišćeni tekst) propisano je da Župan donosi opće kada je to propisano posebnim zakonom, pojedinačne akte kada rješava o pojedinim pravima, obvezama i pravnim interesima fizičkih i pravnih osoba, te zaključke.

II. OBRAZLOŽENJE

Upravni odjel za odgoj i obrazovanje Primorsko-goranske županije zaprimio je dopis Učiteljskog fakulteta u Rijeci sa zamolbom za suradnjom na EU projektu pod nazivom „Promoting Mental Health at school prooject“ (u prilogu)

Suradnju je moguće ostvariti na način da se županijski nadležni Odjel uključi u projekt kao direktan partner ili da delegira izv.prof.dr.sc. Sanju Tatalović Vorkapić ispred Učiteljskog fakulteta u Rijeci, kao nadležnu osobu od strane Županije za provedbu potrebnih aktivnosti u projektu. Delegirana osoba bi pored provedbe istraživanja imala i mogućnost ulaska u škole, te diseminaciju rezultata istraživanja.

Naime, Učiteljski fakultet u Rijeci partner je Italiji u navedenom projektu, kojemu je cilj razvijanje univerzalnog kurikuluma za promociju pozitivnog mentalnog zdravlja djece u dobi od 4-18 godine i unapređenje socijalnih i emocionalnih vještina, stavova prema sebi, samopoštovanja, odnosa prema drugima i školi, te smanjenja problema u ponašanju, agresivnosti, stresa i anksioznosti. Projekt bi započeo u veljači 2019. godine i trajao bi između 24-36 mjeseci.

Uloga Primorsko-goranske županije i Odjela za odgoj i obrazovanje, u slučaju prihvaćanja gore navedenog, očitovala bi se u promociji povezivanja Sveučilišta u Rijeci s lokalnom zajednicom i Županijom, te diseminaciji i promociji utvrđenih rezultata projekta.

Važno je naglasiti da podrška navedenom projektu ne predstavlja nikakvu financijsku obvezu za Županiju.

Slijedom navedenog, predlaže se da pročelnica mr.sc. Edita Stilin opunomoći Učiteljski fakultet u Rijeci (izv.prof.dr.sc. Sanju Tatalović Vorkapić) da sudjeluje u navedenom projektu u ime Upravnog odjela za odgoj i obrazovanje Primorsko-goranske županije.

III. IZNOS POTREBNIH NOVČANIH SREDSTAVA

Za provedbu ovog akta nije potrebno osigurati sredstva u Proračunu Primorsko-goranske županije za 2018. godinu.

IV. PRIJEDLOG ZAKLJUČKA

Slijedom navedenog, predlaže se Županu Primorsko-goranske županije da donese zaključak u tekstu kako slijedi

Na temelju članka 52. točke 23. Statuta Primorsko-goranske županije („Službene novine“ broj 23/09, 9/13 i 25/13 – pročišćeni tekst, 5/18 i 8/18 – pročišćeni tekst) i članka 25. Poslovnika o načinu rada Župana Primorsko-goranske županije („Službene novine“ broj 23/14, 16/15, 3/16 i 19/16-pročišćeni tekst), Župan Primorsko-goranske županije dana _____ 2018. godine, donio je

Draga Edita,
Dugo se nismo vidjele, nadam se da si dobro ☺

Javljam ti se službeno, budući da sam dobila poziv za uključivanjem kao partner iz Hrvatske u projekt koji bi prijavila Italija u okviru sredstava kojima raspolaže Europska komisija (u privitku). Kolegica iz Italije, PhD Veronica Ornaghi sa Sveučilišta u Milanu, te njezine kolegice koje se inače istraživački bave unapređenjem i osiguranjem optimalnog socio-emocionalnog razvoja djece i mladih, bi prijavile projekt pod nazivom: „Promoting Mental Health at schools project“.

Ovaj bi projekt imao za cilj razvijanje univerzalnog evidence-based kurikulumu za promociju pozitivnog mentalnog zdravlja za djecu u dobi od 4-18 godina (bili bi obuhvaćeni vrtići, osnovne i srednje škole) i unapređenje socijalnih i emocionalnih vještina, stavova prema sebi, samopoštovanja, odnosa prema drugima i školi, te smanjenja problema u ponašanju, agresivnosti, stresa i anksioznosti. Ako dobije pozitivnu evaluaciju, projekt bi započeo u veljači 2019. i trajao između 24-36 mjeseci).

Kako se projekt prijavljuje u okviru Ključne aktivnosti 3 (Support for policy reform – Initiatives for Policy Innovation), reki su mi da je ključno da i Hrvatska (kao i ostali partneri: Malta, Latvija, Rumunjska, Grčka i Portugal) pored fakulteta kao partnera koji ima istraživačku ulogu, da bude uključena tzv. Regional School Office na razini county, što bi značilo Ured za odgoj i obrazovanje u okviru Primorsko-goranske županije. Uloga osobe koordinatora iz županijskog ureda bi bila u pomoći pri ulazu u vrtiće i škole, diseminaciji utvrđenih rezultata i promjeni politika vezanih uz uvođenje ovog preventivnog programa u vrtiće i škole, naravno nakon njegove evaluacije. Postoji i mogućnost ukoliko županijski ured ne može ili ne želi biti uključen kao direktan partner, da me delegirate kao osobu koja je i od strane županije određena kao osoba koja će onda provoditi sve navedene aktivnosti – ovu odluku prepuštam vama, odnosno tebi.

U svakom slučaju Hrvatska, tj. u ovom slučaju Učiteljski fakultet bi trebao imati podršku županijskog ureda za školstvo, tj. za odgoj i obrazovanje, bilo da je uključen kao partner (tađa bi vas administratorica projekta iz Italije direktno kontaktirala u vezi pripreme dokumentacije) bilo da je uključen na način da jednim obrascem delegira mene za sve navedene aktivnosti.

Ukoliko je potrebno, javi mi broj telefona na koji te mogu dobiti pa da još pojasnim,
Hvala ti na pažnji i vremenu,
Srdačan pozdrav
Sanja

CALL FOR PROPOSALS — EACEA/28/2017

under the Erasmus+ programme

Key Action 3: Support for policy reform — Initiatives for Policy Innovation**European policy experimentations in the fields of Education and Training led by high-level public authorities**

(2017/C 416/03)

1. Description, Objectives and Priority Themes

European policy experimentations under 'Erasmus+ Key Action 3 (Support for policy reform) — Initiatives for policy innovation' ⁽¹⁾ are transnational cooperation projects supporting the implementation of the European Union policy agendas on Education and Training, including sector-specific agendas such as the Bologna and Copenhagen processes.

The general objective of this call for proposals is to promote the improvement of the effectiveness and efficiency of education and training systems through the collection and evaluation of evidence on the systemic impact of innovative policy measures. This call requires the involvement of high-level public authorities of the eligible countries and the use of sound and widely recognised evaluation methods based on field trials (experimentation).

The specific objectives of this call are to:

- Promote trans-national cooperation and mutual learning among public authorities at the highest institutional level of the eligible countries in order to foster systemic improvement and innovation in the education and training fields,
- Enhance the collection and analysis of substantive evidence to ensure the successful implementation of innovative measures,
- Facilitate the transferability and scalability of innovative measures.

The priority themes for this call are:

- Promoting social inclusion and shared EU values through formal and non-formal learning
- Mainstreaming and further developing multilingual pedagogies in school education (e.g. working in multilingual classrooms/with bilingual children) and supporting teachers and their training to deal with diversity in classrooms;
- Digital assessment: identifying best practices across educational sectors and countries and scaling up of best practices and experimentation;

⁽¹⁾ Regulation (EU) No 1288/2013 of the European Parliament and of the Council of 11 December 2013 establishing 'Erasmus+' the Union Programme for education, training, youth and sport and repealing Decisions No 1719/2006/EC, No 1720/2006/EC and No 1298/2008/EC (OJ L 347, 20.12.2013, p. 50), in particular Articles 9 and 15 — Support for policy reform — constitutes the legal basis for the present call.

- VET teachers and trainers in work-based learning/apprenticeship (VET);
- Implementation of Upskilling Pathways for adults without an upper secondary qualification or equivalent;
- Policies and incentives to support innovative teaching and pedagogical training in higher education, including through open and digital education;
- Creation of a European-wide hub for online learning, blended/virtual mobility, virtual campuses and collaborative exchange of best practices.

2. Eligible applicants

Applicants considered eligible to respond to this call are:

- a) Public authorities (Ministry or equivalent) responsible for education and training at the highest level in the relevant national or regional context (corresponding to NUTS codes 1 or 2; for countries where NUTS codes 1 or 2 are not available, the highest NUTS code available applies⁽¹⁾). Responsible public authorities for sectors other than education and training (e.g. employment, finance, social affairs, home affairs, justice, health, etc.) are considered eligible as long as they demonstrate that they have a specific competence in the area in which the experimentation is to be carried out. Public authorities can delegate to be represented by other public or private organisations, as well as by legally established networks or associations of public authorities, provided that the delegation is in writing and makes explicit reference to the proposal being submitted.
- b) Public or private organisations or institutions active in the fields of education or training or other relevant fields.
- c) Public or private organisations or institutions carrying out cross-sector activities linked to education and training in other socioeconomic sectors (e.g. NGOs, information or guidance services, public authorities, agencies or services responsible for: education, training, youth, employment, social affairs, home affairs, justice, quality assurance, recognition and/or validation; career guidance, chambers of commerce, business and social partners, trade organisations, civil society, cultural or sport organisations, evaluation or research entities, media etc.).

Only proposals from legal entities established in the following programme countries are eligible:

- the 28 Member States of the European Union,
- the EFTA/EEA countries: Iceland, Liechtenstein, Norway,
- EU candidate countries: Turkey, the former Yugoslav Republic of Macedonia.

- At least three public authorities (Ministries or equivalent) or delegated bodies (as described in Section 2a) each from a different programme country, or a legally established network/association of public authorities representing at least three different programme countries. The network or association must have a delegation from at least 3 responsible public authorities (as described in Section 2a) to operate on their behalf for the specific project proposal.

Partnerships must include at least one responsible public authority as indicated under Section 2a) from a Member State of the European Union.

- At least one public or private entity with expertise in counterfactual analysis and policy impact evaluation (*researcher*). Such entity shall be responsible for the methodological aspects and the field trial protocols. The partnership can involve more than one such entity, as long as the work is coordinated and consistent.

⁽¹⁾ <http://ec.europa.eu/eurostat/web/nuts/overview>

A project proposal can only be coordinated and submitted – on behalf of all applicants — by one of the following:

- A public authority as described under Section 2a);
- A legally established network or association of public authorities as described under Section 2a);
- A public or private entity delegated to reply to the call by a public authority described under Section 2a). Delegated entities must have an explicit endorsement in writing by a public authority as described under Section 2a), to submit and coordinate the project proposal on their behalf.

Applications must be submitted by the legal representative of the coordinator on behalf of all applicants. Only organisations that are in a position to demonstrate their existence as a legal person for at least 3 years ⁽¹⁾ on the date of the deadline for submission of pre-proposals referred to in Section 6 are considered eligible as 'coordinator' for the purpose of this call.

Natural persons may not apply for a grant.

3. Eligible activities and duration

Eligible activities should be in line with Annex 1 of the guidelines for applicants. The field trials must take place at least in three countries whose public authorities as described under Section 2a) (or delegated entities) are involved in the project.

Activities must start between 1 January 2019 and 28 February 2019.

4. Award Criteria

Proposals will be submitted and evaluated in two stages, involving a pre-proposal (Stage I) and a full proposal (Stage II).

Eligible pre-proposals will be assessed on the award criterion 'Relevance of the project' (maximum 20 points). Eligible applicants reaching the minimum threshold of 12 points on the score for the award criterion 'Relevance of the project' will be invited to submit a full proposal which will develop in an elaborate and comprehensive way the outline provided in the pre-proposal.

All applicants having submitted pre-proposals will be notified by email about the pre-selection results and will receive a summary evaluation of their pre-proposal.

Full proposals will be assessed on the basis of eligibility, exclusion, selection, and the three remaining award criteria: 'quality of the project design and implementation', 'quality of the partnership and cooperation arrangements', and 'impact, dissemination, and sustainability'.

The Agency will verify that the eligibility of full proposals is confirmed in the second stage and, where appropriate, is supported by the required documentation (Section 14.3.2 of the Guidelines for applicants).

The award criteria (see Section 9 of the Guidelines for applicants) for the funding of a proposal are:

1. Relevance of the project (maximum 20 points);
2. Quality of the project design and implementation (maximum 30 points);
3. Quality of the partnership and cooperation arrangements (maximum 20 points);
4. Impact, dissemination, and sustainability (maximum 30 points).

The calculation of the total score for the full proposal will include the score obtained for 'Relevance of the project' at pre-proposal stage. Only full proposals having reached at least the threshold of 60 points of the total score (i.e. score on the award criterion 'Relevance of the project' assessed in the first stage plus scores on the other three award criteria assessed in the second stage) will be considered for EU funding.
